Varietal Profile:

Chardonnay

Chardonnay is one of the most widely planted grapes in the world. In California it is at home in most growing conditions including the refined and elegant wines of the Sonoma Coast and Russian River to the rich and complex evolutions of the Napa Valley and Mt. Veeder. In France it is revered for its balance and its ability to improve with age.

With styles ranging from the crisp limestone of Chablis to the nutty and earthy aromas of a well aged Meursault.

Please do not refrain from discovering one of these little treasures you might just get hooked.
